Help

This will bring up the Zoom Meetings and Chat page. Click on 'Join a meeting'.

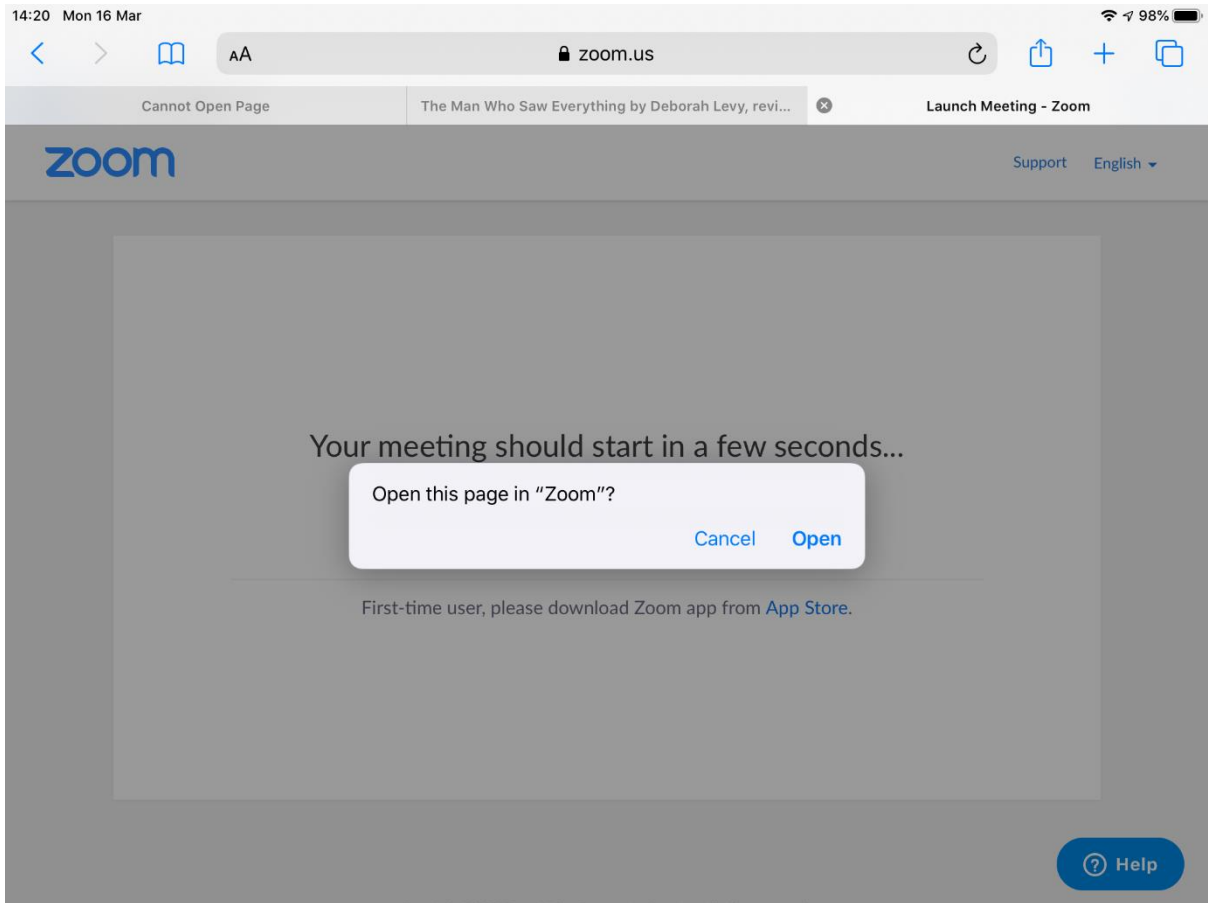

Join a meeting

You need to enter the meeting ID (10 digits) that you have been emailed. Then click 'Join'.

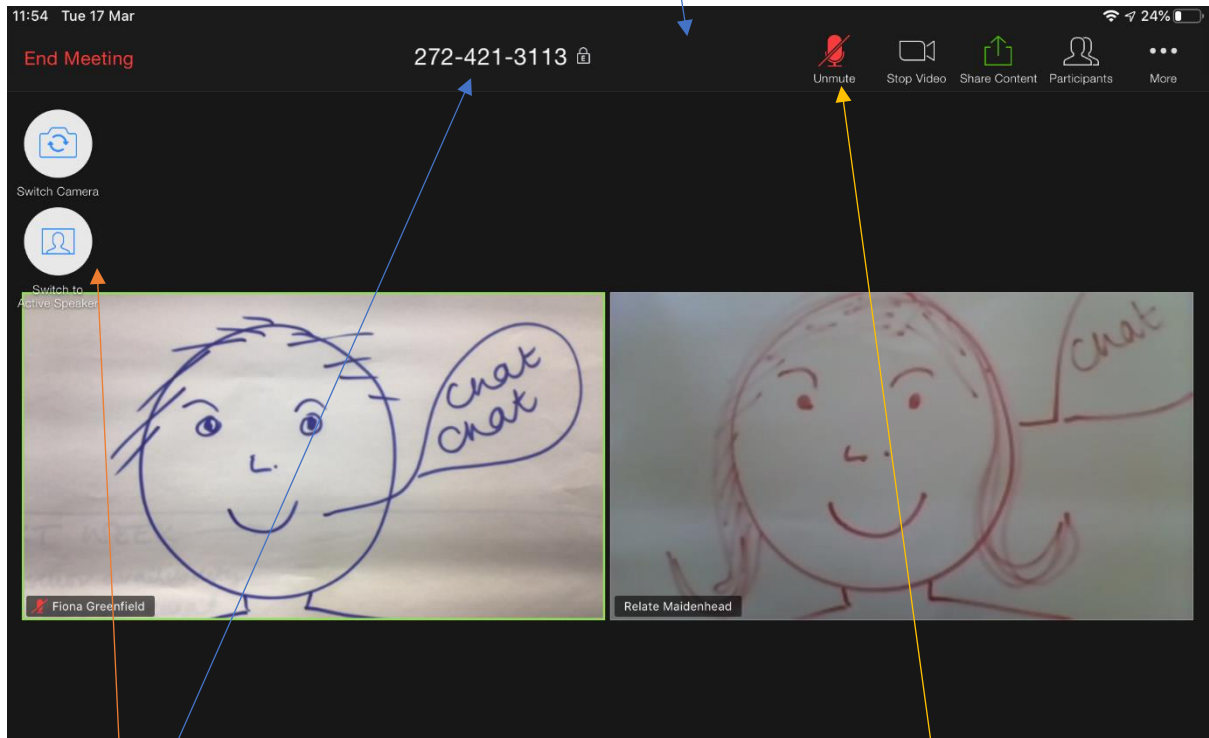

Once you have joined you will be taken to the page above. If you are not automatically directed you will need to click on 'Join from your browser'.

Click open.

Webcam view (shared screen)

Click on top of screen to show bar (as illustrated below)

Meeting ID number (10 digits)

This is the view you will have during the web cam video session. Click on 'unmute' so your voice can be heard.

'Switch to Active Speaker' by clicking this icon you can either see all participants or just the person you are talking to. We would recommend you use the single image (next illustration) if you are speaking to a counsellor, or if part of a larger meeting group switch so see all participants.

You should not need to click on any of the other buttons.

When you have finished the session click on 'End Meeting'.
